11 The Municipal Council have resolved that the land in question may be continued to be under the control of the Municipality as it has already been decided that it should be used for building purposes. The facts of the case have been explained in detail in the report of the President of the Municipal council dated 19-5-33. The Deputy Commissioner has ordered that the land in question should be kept open to which the Municipality is not agreeable, Govt can take action under section 110(1) of the Town municipal Regulation to prohibit the violation of a ruling after consulting the Municipal Council The

above section does not definitely specify that the Municipal council should agree to the proposal In view of the special circumstances of the case and of the report of the Dy Commr it is perhaps necessary to issue an order under Section 110(c) prohibiting the erection of buildings on the land in question The Law Section may perhaps be consulted Submitted for orders

12) The recommendation of the President to keep the land vacant does not agree with the resolution of the Mc Cl Has the D.C. powers to order the reservation of the place as Lung Space without action being taken under § 110(1) is for consideration This action is again dependent on a consultation of the Mc Council, who are averse to the reservation Please put up draft pointing out the discrepancies of the D.C.; or note if there is a case in which Govt may exercise their powers under M. of M

14) The proposal of the Dy Com Mysore, is to reserve the maidan in question to serve as a breathing space & not to make any portion of it available for building purposes

15) The Municipal Council have resolved at their meeting on 14 2 34 that the land should remain in their possession as it has been previously decided to put up public buildings upon it The idea seems to be to keep the place vacant for the present and utilise it for a public building later if necessary It is apparently on this ground that the MCC are not in favour of a notification being issued under Sec 110(1) of the Town Planning Regn, and it seems unnecessary to issue such a notification having regard to the opinion of the MCC

16) In the above view the correspondence may be simply recorded

Memorial of the Muslim Residents of the Hunsur Town Mysore District, represented by(1) Mohamed Hafiz Mutawali of the Masjid, (2) Mohamed Hussain, Member of the Municipal Council and Merchant (3) Ebrahim Khan,Member of the Municipal Council and Merchant and (4) Ahmed Hussain member of the Municipal Council, Merchant,Hunsur Town

Hunmbly Sheweth

1) That the memorialists beg to submit that in the town of Hunsur near the maidan, close to the Hospital there is a Masjid called Dod Masjid which has been in existence from time immemorial

2) That the Musalmans of Hunsur have been requesting the Government for the past ten years to allot to them the open maidan situated in front of the Masjid for the construction of an Anjuman Building with a park attached to it In the year 1928 the Government were pleased to assign a portion of the maidan to the Wesleyan Mission, the authorities of which have now constructed a Girls' School In the month of November 1928, when Sir Mirza M Ismail the Dewan Saheb of Mysore visited the place the Muslim Community reiterated their request to allot to them at least the remaining portion of the maidan for the construction of an Anjuman Building; but he was pleased to observe that since the maidan is situated in a most central place, a park for the use of the be made there, and the maidan or any

Mr Krumbeigel who was then in his company took down necessary notes in order to prepare a sketch for making a park and improving the surrounding locality Since the proposal was for the benefit of citizens, the Musalmans did not persist in their request

3 That about four months ago a proposal to construct Ramamandiram Building in a portion of the said maidan was made by some interested parties in the Municipal Council In spite of the protest of the Muslim Members of the Council, to the effect that the construction of Ramamandiram in the said maidan would create trouble and embitter muslim feelings on account of the situation of the Masjid in close proximity, the members of the Council by a non-muslim majority approved of the proposal and resolved to recommend to Government to allot the abovesaid site for Ramamandiram

4 That the feelings between Musalmans and Hindus have been very cordial and harmonious in the town of Hunsur, and as such the construction of a Bhajana Place where vocal and instrumental music will be played close to the Masjid is sure to embitter feelings and encroach upon the religious susceptibilities of the muslim Community The Musalmans petitioned therefore to the Deputy Commissioner not to accord sanction to the proposal of the municipal Council, and not to grant the site in question for Rama Mandiram The Deputy Commissioner visited the place inspected the site, but his orders are still awaited

5) That the maidan in question belongs to Government the same having been surrendered to it by the British Military Grass Farm authorities about fifteen or twenty years ago The memorialists humbly pray that the site in question should not be given as suggested by the Municipal Council, and no building for Bhajana or Worship should be permitted to be constructed there

the Government are not pleased to convert the maidan into a pleasure park, as originally decided by Sir Mirza M Ismail, the Dewan Saheb of Mysore the abovesaid maidan be very kindly assigned or sold for a nominal price, to the Muslim Community who will construct an Anjuman Building thereon The Construction of Rama Mandiram will surely disturb the friendly feelings between the two communities, and give rise to numerous troubles and ill-consequences
